

Notre Dame Academy

Four-Year Suggested Program

Notre Dame Academy provides a four-year, college-prep course of study. Outlined is a typical four-year program for a Notre Dame Academy student. This program meets all of the Notre Dame and State graduation requirements, as well as the entrance requirements to most colleges and universities. Notre Dame has an eight-period, alternating block schedule.

Introduction/Course Selection

The following information should help you through the scheduling process with as much ease as possible. Your selection of courses should be made with careful thought and advice. After parent consultation, if you have any further questions or need help, you may refer the matter to your Counselor. Any student expecting to graduate from Notre Dame Academy must be enrolled in high school a total of four years beyond grade 8.

(85 minutes)

PERIOD 4G
1:28 - 2:53
(85 minutes)

Block Scheduling Prepares Students for College

For over twelve years Notre Dame Academy has successfully implemented an eight-period, alternating block schedule. Each day has four 85-minute class periods with a 50-minute lunch. Student benefits include early preparation for a college schedule, ability to do more in-depth and hands-on learning, the opportunity to utilize academic support services for assistance if required, and better academic retention when you take a class for the entire year, not just the semester.
