Map to Success –

Be a Member of the Heritage Society

One of the wonderful ways you can leave a far-reaching impact on young women is through a gift in your will such as **Angela Schiebel '36** did. Her bequest in her will helped start the International Baccalaureate World School Program at Notre Dame.

If you would like information on how to leave a transformational legacy gift and become a Heritage Society member contact Michael Downing, Vice President for Advancement, at mdowning@nda.org or call 419-725-1290. Already remembered us in your will? Please let us know!

Paving the Way to Always Be the Best

The teachers are so encouraging and they really want you to succeed. Alexa '14

The Annual Fund provides essential support for the mission founded by the Sisters of Notre Dame, which continues strong today with our faculty. The Annual Fund makes possible academic and formational professional development for teachers. It helps us retain a vibrant, accomplished faculty for your daughter.

Join Fellow Parents to Make a Difference

I am deeply inspired by the upperclassmen and teachers. They help me when I am struggling and I can always rely on them. Christy '13

Please join with your fellow parents and help us achieve 100% participation in our mission of educating and creating tomorrow's visionary leaders — your daughters. *Every gift is an investment that shapes young women's lives.*

Help Your Daughter Grow into a Woman of Vision

Every day I get encouraged to follow my dreams no matter what.

Meredith '12

You are the inspiration and

the key to your daughter's future. If we hope for women of vision, if we hope for leaders and those who can transform individuals and society, then we must all work together. One way is with a gift to the Parent Annual Fund.

The Annual Fund depends on the \$325,000 it generates to provide critical dollars to cover the difference between tuition and the actual cost of educating today's young women. Each year parents empower the lives of our students with their gifts that can be used in so many different ways.

The Annual Fund meets our school's most pressing day-to-day operating needs.

Your gift is an investment in your daughter that also supports:

- ◆ the latest academic programs that enable her to reach her potential
- ◆ Current extracurricular activities
- ◆ A place of discovery, intellectual integrity, and academic excellence
- ◆ Recruiting and retaining the best faculty

Our Goal: 100% Participation

Notre Dame has influenced me to be more open-minded and not be afraid to take on challenges.

Megan '14

Our parent goal for the Annual Fund is 100% participation. Parent gifts range in size from \$10 to \$10,000. We ask that all families support the Annual Fund with a gift that is right for them. *No gift is too small, and each and every one is essential.*

Eagles' Wings' Program

The Eagles' Wings' Parent Program encourages families to support the Notre Dame mission by making the school one of their top philanthropic priorities with a pledge or gift of \$1,000 or more a year over their daughter's high school years. These gifts often enable us to:

- ◆ Underwrite special programs such as school speakers
- ◆ Launch new programs, both academic and extracurricular, such as the International Baccalaureate Program
- ◆ Invest in the newest technology for our classrooms and labs such as TV cable wiring for entire school
- ◆ Make enhancements to the athletic fields and programs for example the new video equipment
